Skip to content HRC-100-C User manual in English, French (Francais), and Spanish (Espanol) SKU: HRC-100-C-04, HRC-100-C-06, HRC-100-C-09, HRC-100-C-12 Models: 04054, 04056, 04059, 04052 Error Codes for the HRC 100 User Manuals, Guides and Specifications for your HYDRO-RAIN 04056 Controller. Database contains 1 HYDRO-RAIN 04056 Manuals (available for free online viewing or downloading in PDF): Operation & user's manual . This straightforward, user-friendly sprinkler controller combines simplicity of operation with feature-rich flexibility. For starters, the Hydro-Rain Swing Panel timer is enclosed in an indoor/outdoor UL approved case capable of 4, 6, 9 or 12 watering stations. Each model offers three independent programs – A and B and C – with up to four start times per program. Water conservation features? Of course! The Swing Panel timer water budgeting feature allows you to set watering durations from 10 to 200 percent of the programmed time, in 10 percent increments. There's even a station advance button that lets you skip to the next station while watering. Plus, you'll appreciate the simplicity of the large, easy-to- read LCD display, as well as the big buttons and dial – the perfect enhancements for easy user operation. BUILT FOR SPEED ADVANTAGES Fast to Program—Large dial, oversized LCD display, make programming quick and easy. Fast to Install—Factory-installed plug-and-go power cord means no in-field transformer wiring is required. Hinged Panel—Door allows quick and easy access to valve wiring (shown on back). BUILT FOR GREEN ADVANTAGES Watering Budgeting—Match seasonal watering requirements by increasing or decreasing the durations of the stations in any of the two programs from 10%~200% of base schedule. Rain Delay—Rain sensor bypass technology allows manual or automatic rain delay of 24-hours, 48-hours and 72-hours. 24 Volt Out Rain Sensor Terminals—Make installation of wireless rain sensor receiver quick and convenient. FEATURES AND BENEFITS Three Programs—Programs A, B and C offer multi-use and flexible watering schedules by days of the week, even or odd days, or at intervals of 1 to 32 days. 4 Start Times Per Program—Flexibility to manage schedules for variable plant requirements and soil types. Program Data Safely Stored—Power out? Batteries run down? No worries! All programming information is stored. Manual Advance—One-button station affords convenience of quick select and advance during manual watering. Indoor/Outdoor Cabinet—Weather tight and locking for safety, security and peace of mind. OPERATING SPECIFICATIONS Station Timing: From 1–240 minutes Automatic Starts: Up to 12 start times per day Programming Schedule: Days of week, watering intervals and odd/even days Rain Delay: Setting for 24, 48 and 72 hours Water Budgeting: Adjusts for seasonal watering demands (10% to 200% in 10% increments) ELECTRICAL SPECIFICATIONS Transformer Output: 24VAC/26VAC, 600mA Battery Backup: 3V lithium (program saved in non-volatile memory) Wire Terminal: Tool-less color coded Pump Start Terminal Surge Protection: Primary input has built-in MOV (metal oxide varistor), valve wire MOV protects against lightning strikes Compatible with all major brands of controllers including Hunter®, Irritrol®, Nelson®, Rainbird® and Toro®. Brochure HRC-100C - English Manual HRC-100C - English Bring Smart to Your Yard Simple, sleek, and smart, the Hydro-Rain HRC-410 B-hyve Smart Wi-Fi Indoor Sprinkler Timer allows you to control your watering with Android or iOS apps from anywhere in the world. And smart watering technology adjusts the schedule for you to fit weather and seasonal conditions, all while taking away the guesswork. Perfect for new installations or replacement of outdated or broken timers, the HRC-410 B-hyve Smart Wi-Fi Indoor Sprinkler Timer takes watering to a whole new level. ULTIMATE FLEXIBILITY Simple, sleek, and smart, the Hydro-Rain HRC-410 B-hyve Smart Wi-Fi Indoor Sprinkler Timer allows users to control their watering with their Android or iOS app from anywhere in the world. A perfect timer for new installations or for replacement applications, the HRC-410 B-hyve Smart Wi-Fi Indoor Sprinkler Timer is available in 8-station model to cover most residential sprinkler systems. It also can be set up to adjust watering based on local weather to avoid water waste and deliver the right amount of water to your plants.
